**Atlanta (Feb. 5)** – Dr. Charles Stanley’s In Touch Ministries has launched its new, enhanced Web site. In addition to InTouch.org’s updated appearance, it features improved accessibility, more unique content and, for the first time, users can sign up to receive daily devotional e-mails from Dr. Stanley.

Last month alone, InTouch.org encouraged and inspired nearly 400,000 unique users with its Early Light devotionals, in-depth study materials (sermon outlines, Bible studies, etc.), online teaching tools (God’s Promises, Life Principles Notes, etc.), a Web version of its monthly, award-winning In Touch magazine and streaming audio and video of the “In Touch with Dr. Charles Stanley” radio and television broadcasts.

“Today’s technology is providing amazing ways to share the gospel around the world,” says Dr. Stanley, In Touch Ministries’ founder and president. “The Internet is a key component of our strategy to reach as many people as possible, as quickly as possible, as irresistibly as possible, as clearly as possible through the power of the Holy Spirit to the glory of God.”

With more than one million visits and three million pageviews per month, InTouch.org is recognized as the online “home” of In Touch Ministries, the worldwide broadcast and teaching outreach of Dr. Charles Stanley. The goal of the new Web site is to provide even easier access to In Touch’s most popular content and provide a more positive online experience for new users and long-time visitors alike.
